April 20, 2021

Dear Fireweed Lodge Guests of 2021,

We at the Fireweed Lodge are looking forward to another great year. We are writing this letter to alert you of our procedures regarding Covid-19. As it is no longer a state mandate to get tested we are still wanting to keep our staff, community, and clients as safe as possible. That is why we, as a Lodge, will be requiring either a Negative Covid test result taken within 4 days of travel, or a full vaccination record.

We are working with the company Kallaco to help keep all our records organized. Through this company we are able to send a testing kit directly to your home (if needed) for a flat fee of \$129 per kit. This is a PCR test taken by a mouth swab. It needs to be taken to Fed Ex using the pre paid packaging four days prior to your travel. They will then upload your results automatically to the Kallaco site. If you are able to get a test in your area or you are fully vaccinated you may upload that directly through Kallaco as well at no charge.

Here is what we need from you: First and Last names of everyone in your group (most of that we have already) and an email address for each individual person. This will allow us to sign everyone up with Kallaco and automatically generate a welcome email to each individual. It will

walk everyone through the registration process and how to upload your information. If you would like one of the Kallaco test kits, please let us know and we will have that sent out ASAP.

Feel free to call or email us directly if you have any questions. We appreciate your cooperation as we navigate our way through another safe and plentiful fishing season. FISH ON!

Sincerely,

The Anderson Family

YOUR ENJOYMENT IS OUR GOAL
